

Ashe & Leandro

Live-Work Unit

Ashe & Leandro

New York City Since 2008

About

Their brand balances luxury with approachability, published widely in shelter magazines. Leandro's "tropical modernism" reflects his Latin American roots, while both designers emphasize timeless style through texture over pattern and neutral color palettes. High profile clients include Seth Meyers and Naomi Watts. They launched their Rocamler furniture and lighting collection in 2024, earned recognition on *es*101s annually since 2021, and published "Architecture + Interiors" with Rizzoli in New York City.

Architectural Style

These designers have a high end, contemporary design and a lived in, eclectic warmth that feels curated rather than staged. They combine modern luxury with found object soul organic furniture from upcycling flea market finds. They support a moody and earthy palette with accents of whimsical art and lighting in a blend of architecture and interior design.

Ariel Ashe Bio

Ariel Ashe is originally from New Mexico and studied Scenery and Lighting Design at NYU's Tisch School of the Arts. During her early career, she did set design for *Saturday Night Live* in 2004, and worked at the firm *Pierce, Allen* and worked on Broadway set design.

Reinaldo Leandro

Reinaldo Leandro is originally from Venezuela and studied architecture there, earning a Master's in Advanced Architectural Design from Columbia University. His earlier career consisted of working at the firm *Pierce, Allen*, where he met Ashe.

LA: Live-Work

Los Angeles, California 1,941 sqf

PRECEDENT STUDY

Located in the Two Factory Lofts, this 1,941 sqft corner unit features steel casement windows on two walls that illuminate polished concrete floors. The converted industrial space retains its original architecture: soaring ceilings, exposed concrete, and open structural framework. The live work furnishing and celebrates raw materials—polished concrete, reclaimed wood, natural textiles—that complement the loft's industrial bones. The single bedroom and two bathrooms offer functional privacy within the open concept, while contemporary appliances and an in-unit washer-dryer provide modern convenience.

Building amenities include rooftop access with pool, lounge area, fireplace, fitness center, and landscaped terrace, all secured by 24-hour on-site security. One resident and one guest parking space included. *Vantage Apartments* Elevation and convenience, perfectly located in the heart of Hollywood.

Weather forecast 78°

About

Features:

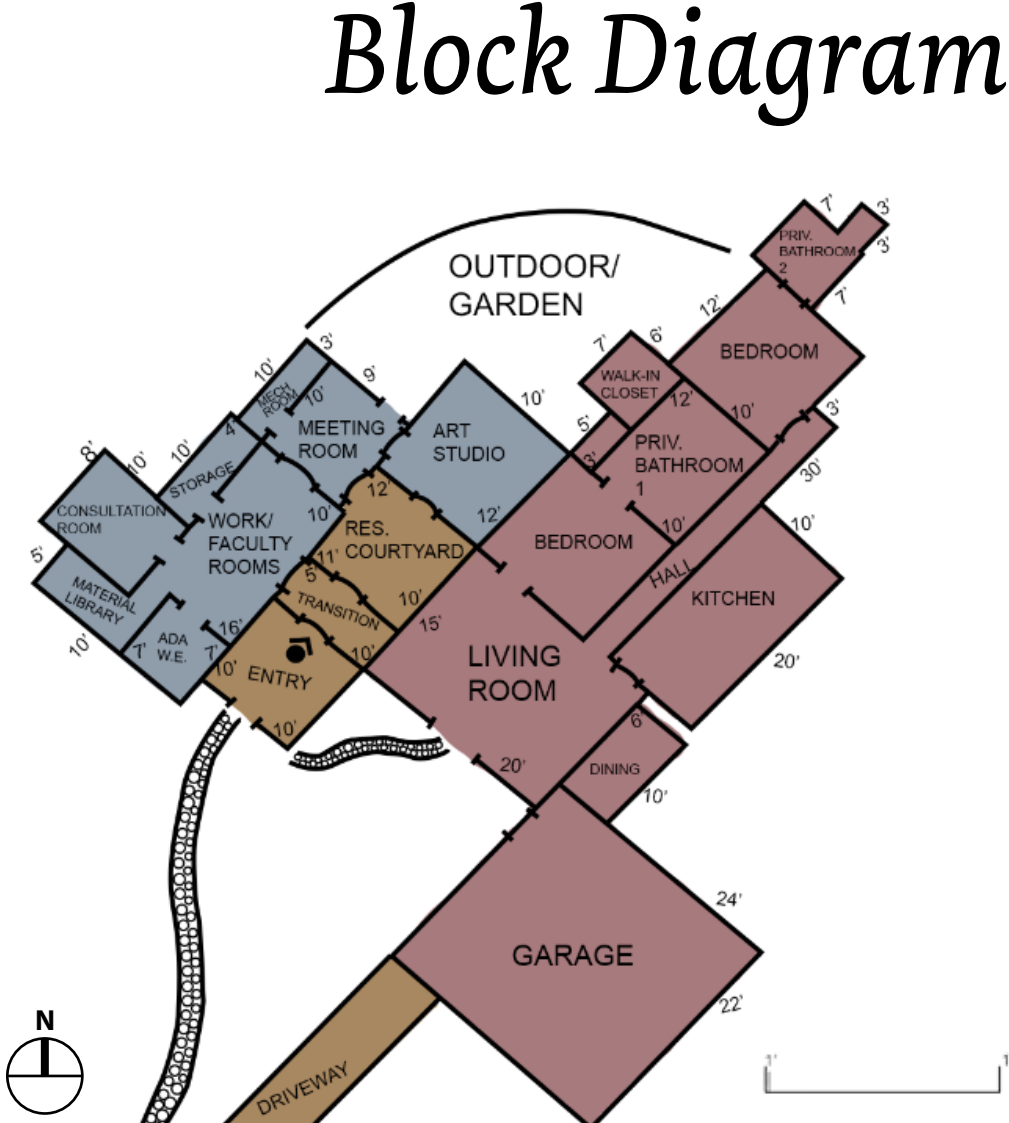

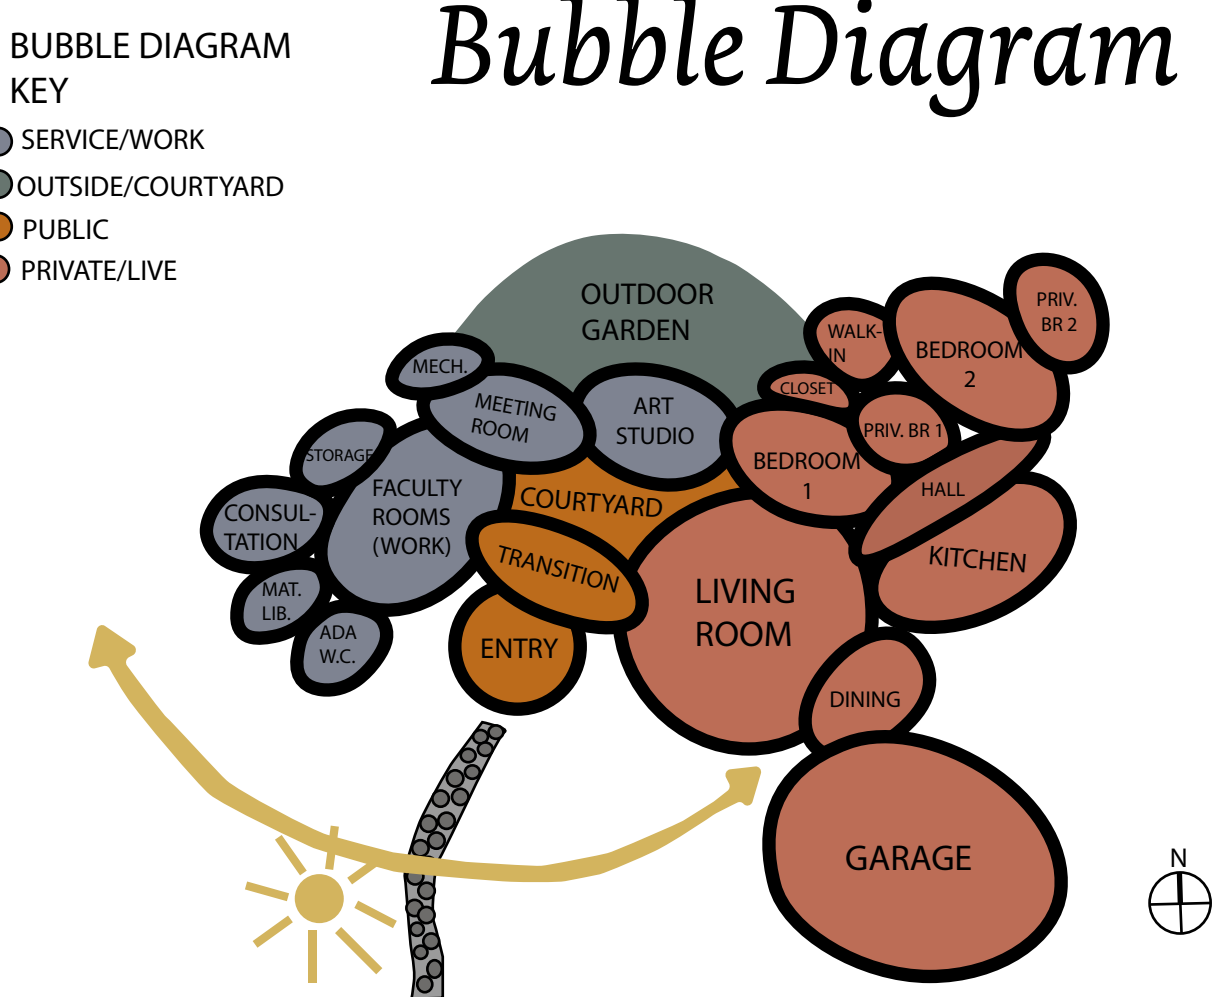

Luxury and contemporary style. This live-work loft embodies a refined bohemian aesthetic through neutral palettes and exposed brick. Abundant natural light floods the open-plan interior, enhanced by generous greenery that softens the raw materiality. The flowing spatial layout eliminates traditional room divisions, allowing living, working, and private zones to

Floor Plan

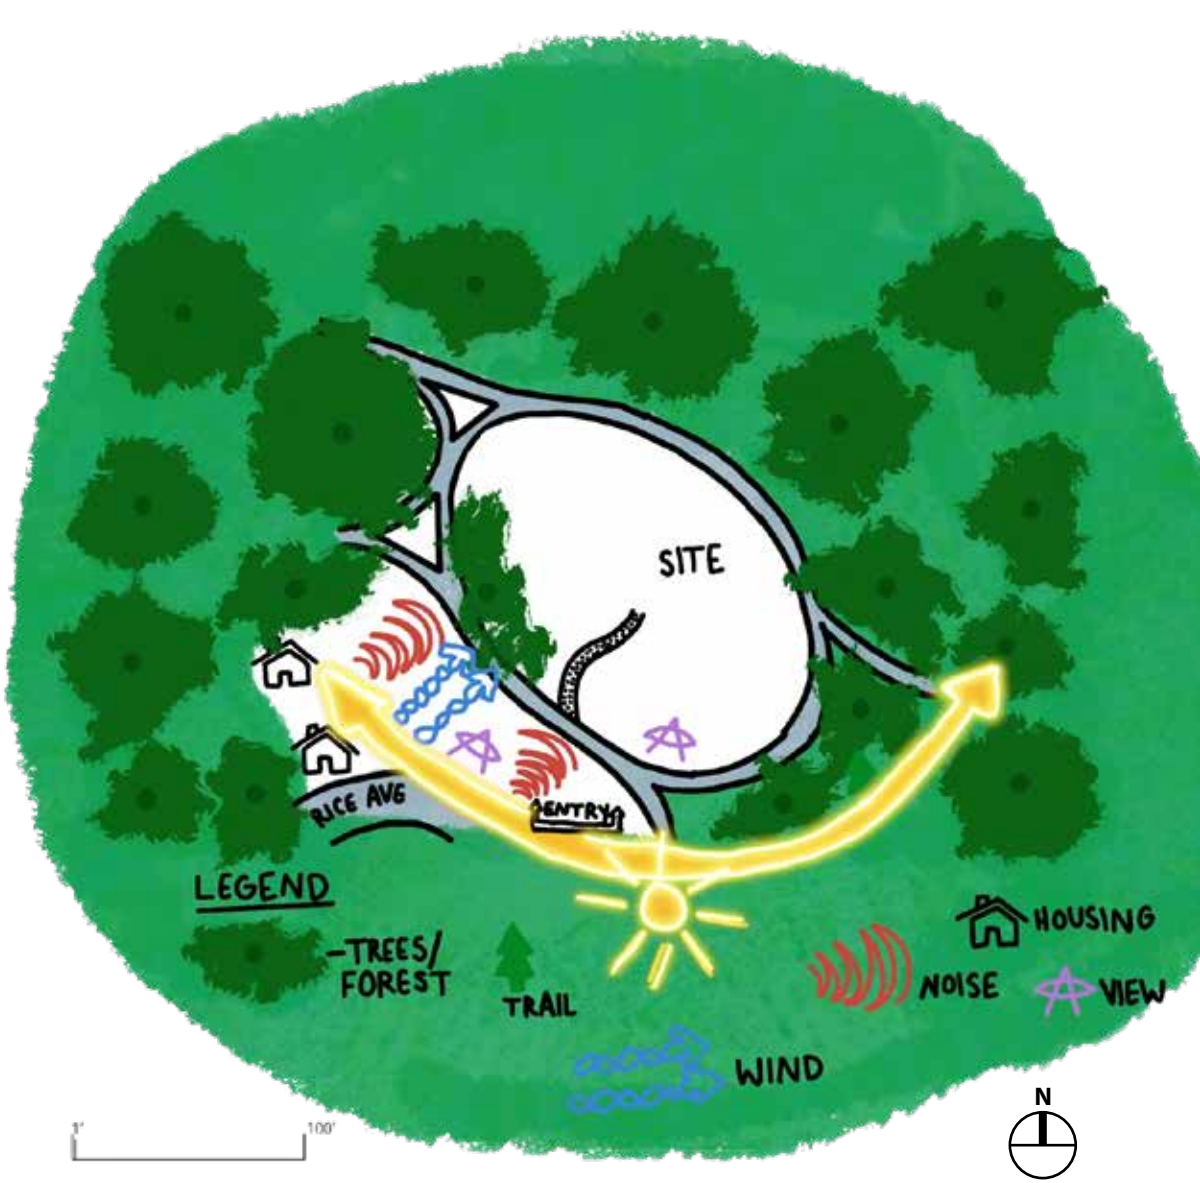

Concept Statement: Blending comforting textures from the living area with sleek work-space materials, this cohesive environment serves both clients and residents. A residential courtyard with glass walls, wide archways, Moroccan tiles, and bold accents unifies the design.
